

Dear Parents, Guardians and Staff:

As I write to you, I hope that you're doing your best to cope during this very challenging time. All around us, in other states, there are hopeful signs that we are making progress due to stringent adherence to the advice of federal, state, and local health experts. I know it hasn't been easy and that you've been asked to make tremendous sacrifices, but there is a light at the end of the tunnel. We just have to keep doing what we've been doing and hopefully we will come out of this situation even stronger as a community. I know I personally have learned to appreciate the many gifts we've been given. I miss our outstanding teachers who give 100%, our wonderful students who remind us that life offers so much to explore, and our dedicated parents who personify what it means to be a role model.

Please stay vigilant. Continue to wash your hands frequently for a minimum of 20 seconds. Cough into your elbow or a tissue and discard it immediately. Clean frequently used surfaces in your home safely. Stay 6 feet apart from all persons outside your home and wear a protective mask and gloves if you must leave your home.

Let's keep taking this one day at a time and start each morning with a renewed commitment to keep our loved ones safe. I count each of you and your children among those I love and we, as a district, are always keeping your wellbeing as our top priority.

Please check our website at www.bergenfield.org/cv for the latest updates. Stay safe and well.

Dr. Christopher Tully
Superintendent of Schools
