Welcome to AP Psychology! I am ecstatic that you have decided to join this class and chose to challenge yourself with the fascinating world of psychology. I am certain that you will find this course worthwhile and personally relevant. Although it is the summer, there is work to be done. **Please note, AP Psychology is an elective, college-level course with higher student expectations than most courses taken by high school students.**

With that being said, it is imperative that we get a jump start on the AP Psychology curriculum. It is mandatory and, in your best interest to complete the summer assignment. Your summer assignment is comprised of **FOUR** mini-assignments. Each assignment will serve a specific purpose that will assist you throughout the school year and aid in your preparations for the AP Exam in May.

**Assignment #1 - “Allow Me To Introduce Myself” (8/25)**

This assignment is designed for me to get to know you prior to the school year beginning. **This assignment is to be emailed to me on or before August 25th.** In this email, you are to use well written, complete sentences, do not abbreviate words, (i.e. language you would use on Twitter, text messages, the hallway, etc.), and lastly, use spell check. This is a professional communication similar to what you would use with a college professor or employer.

* Send the letter to: appsychfern@gmail.com
* Subject of email: Introduction to [Your Name], Period ____”
* In the body of the email, answer the following...
  * Introduce yourself.
  * What are your hobbies? What do you like to do for fun?
  * What extra curricular activities are you involved or planning to be involved in?
  * Do you have a job? What is it? Do you like it? Is this something you would like to continue as a career?
  * What are your goals/plans post-high school?
  * Why are you taking AP Psychology? What are you looking forward to in this class? What areas of psychology interest you?
  * Are you enrolled in other AP courses? Have you taken other AP courses throughout your high school career?
  * How will you manage your time throughout this upcoming school year?
  * What else should I know about you so that I have insight into you as a person before the next school year begins.

**Assignment #2 - “TED” (8/25)**

The second assignment will incorporate some technology. TED is a nonprofit organization devoted to spreading ideas in short, powerful talks in 18 minutes or less. TED is an acronym for technology, entertainment, and design. I have sifted through the psychology section of TED and found 10 “talks” that could be of interest. Of these ten, you are to watch any **SIX** of your choosing. After listening to these lectures, you will provide a one paragraph summary **OF EACH LECTURE** consisting of at least seven sentences. Feel free to incorporate your opinion of the talk and discuss terms you were interested in, as well as terms you were unsure about. **This assignment is to be emailed to me on or before August 25th.**

Look through the list below and choose two films to watch. If you are unsure about the movies, I suggest looking on IMDB for more information. You are to watch two of the films and complete the assignment below. This assignment is to be emailed to me on or before August 25th.

* First paragraph will be a review of the movie plots. Get to the point without many of the psychological details. This is where you would briefly identify the main characters in the movies.

* The second/third paragraphs will be your opportunity to connect the movie to psychology. Each film is filled with psychological topics. You may need to conduct some minor psychological research in fully comprehending the topics discussed. Utilize these paragraphs to compare and contrast the themes in each film. You must discuss at least two topics, so choose wisely.

* The final paragraph will serve as your conclusion and closing paragraph. In this paragraph, you are to give your opinion of the films. Did you like the films? Why, why not? Also, within this last paragraph, discuss the psychological importance of these films, in an attempt to persuade next year’s students in to watching these films on their own.

4A: This assignment is easy. Purchase your supplies for this class before the first day of school. No one likes waiting in ridiculously long lines at Staples and Target early in September. Buy what you need this summer and avoid that scene all together. Here is what you will need...

* A multi-subject notebook, 3-5 subject is recommended.
* Index cards, 60 of them. (3x5 or 4x6, either is ok.)
* A large box or 3”+ binder. This is where you will keep everything you complete during the year.

Due dates are not negotiable and no credit is earned for late assignments. I can be reached at apppsychfern@gmail.com if you have any questions and/or concerns. I look forward to working with all of you this September.

Keep in mind that psychology is everywhere. Everything we do, think, and feel can be related back to psychology. Have a great summer!
