

# Notification of English Language Program Continuation

## Student Information

Student	Grade Level	School
ELL Status: EL	Student ID#	

Dear Parent(s) or Guardian(s)

Our school district provides a program of language instruction for ELLs to attain English proficiency, and meet the same challenging academic content and student achievement standards expected of all students. Upon enrollment, a language other than English was noted on your child's Home Language Survey. According to state and federal law, our school district is required to assess the English language proficiency of your child in listening, speaking, reading, and writing. Based on the results of the \_\_\_\_\_, a state-approved assessment for measuring English language proficiency, your child continues to be eligible for services for English Language Learners. Below, please find results that have informed our decision, information about our language programs, and your rights as a parent.

## English Language Proficiency Tests

### Proficiency Level Descriptors

Additional factors used to determine your child's program eligibility

- Teacher's recommendation
- Classroom performance

Teachers of English Language Learners provide a variety of specialized services until students demonstrate skills in English sufficient for them to succeed academically in the regular classroom.

### Sheltered Instruction

Sheltered English Instruction (SEI) This program provides nearly all classroom instruction in English with curriculum and instruction designed for English learners. English learners receive instruction to acquire the academic English they need to meet grade-level content standards.

### High-intensity ESL Program

Content-Based ESL An English program that serves identified ELL students in English only by providing a full-time teacher certified to provide supplementary instruction for all content area instruction. The program integrates English-as-a-second-language instruction with subject matter instruction that focuses not only on learning a second language, but using that language as a medium to learn mathematics, science, social studies, or other academic subjects.

### ESL-only Program

Pull Out/Push In ESL An English program that serves identified ELL students in English only by providing a certified teacher to provide English language arts instruction exclusively, while the student remains in a mainstream instructional arrangement in the remaining content areas. Instruction may be provided by the ESL teacher in a pull-out or inclusionary delivery model.

### Part-time Bilingual Program

Transitional Bilingual Education Program This program, also known as early-exit bilingual education, utilizes a student's primary language in instruction. The program maintains and develops skills in the primary language and culture while introducing, maintaining, and developing skills in English. The primary purpose of a TBE program is to facilitate the English language learner's transition to an all-English instructional program while receiving academic subject instruction in the native language to the extent necessary.

## ELL Services

While the rate of English language development (ELD) varies between students, many exit the ELD program in 2-3 years.

### Exit Criteria

Your child's English language development will be assessed annually until he/she meets specific academic achievement requirements.

Students who exit the program are monitored for academic success for 2 years.

All children, regardless of English proficiency, are eligible to participate in all school-wide programs. If your child has an Individualized Education Plan (IEP), or a 504 plan, the language instruction educational program will be utilized in coordination with your child's existing plan.

Throughout the school year, you will have many opportunities to learn about your child's progress in academics and learning English. I encourage you to attend parent-teacher conferences and school events to support your child's academic success.

Your efforts will help us meet the 20: /20 expected rate for graduation of 100%.
