June 4, 2020

Dear Students,

You have selected to take the French Language and Culture Advanced Placement program for the 2020-2021 school year. I am looking forward to an exciting year of perfecting your language skills in preparation for the AP Language and Culture Exam.

Proficiency in a foreign language requires constant and intensive practice. So, that you may maintain contact with the language and be ready to actively participate and be successful in your World Language course, we require that you complete certain assignments during the summer break (please see assignment in Google classroom by using the join code [nawg7dv](#)).

I know that you share my desire for your continued success and ask that you do everything that you can do to ensure strict adherence to these requirements.

Wishing you a happy summer!

Sincerely yours,

Madame Kravitz

World Language Department
