AP Statistics - Summer Assignment 2023

Welcome to AP Stats!

The summer assignment is to read, “How to lie with Statistics,” by Darrell Huff.

This is a short, summer read that should get everyone in the right mood to begin their study of statistics. There will be a short quiz on the book on the first day of class. The quiz will be short and cover main topics to ensure that the book has been read. I have listed a few ways to access the book. It is always best to order a paperback copy and sit down in a nice quiet place to read a book. Either order the book on amazon or use the supplied pdf.

Amazon: [https://www.amazon.com/How-Lie-Statistics-Darrell Huff/dp/0393310728](https://www.amazon.com/How-Lie-Statistics-Darrell-Huff/dp/0393310728)
